

UNFINISHED STORY

A

Mine is an unfinished story,
So many chapters ahead,
So many thousands of pages,
So many words yet unsaid.

How can I be the hero?
How will I know what is right?
Who else will enter the pages?
Who else will help me to write?

B

I write the story, I write the words,
This is a story that needs to be heard,
I choose the message, I choose the song,
I choose what happens when something goes wrong.

C

My life, my hope, my right, my wrong,
My journey, my struggle, my story, my song,
My life, my hope, my right, my wrong,
My journey, my struggle, my story, my song.

D

I may not know when it's ended,
I can't remember the start,
I'll make mistakes on these pages,
But I'm doing it all from the heart.
