

# Mayan Calendars Research

What were they? How did they use them? Are there any mysteries to do with them? What did the Mayans believe about time? How did they measure time? What were the names of the units they used to help them measure time? What were their calendars made of? How were they made? Lastly research any other interesting facts you can find.

Take notes on, or mind map, the Mayan calendar here

Write up your research notes into paragraphs. You should write as if you were explaining Mayan calendars to someone who knew nothing about the Mayan civilization.

# Mayan Calendar Comparison Chart

Discuss and then list all the similarities and differences between the Mayan calendar and our modern calendar. Also discuss and list the similarities and differences in our understanding of time.

Similarities	Differences
